

Cree Summer, Soul Sister

I had a friend, once upon a time
And had a hunger, to learn
Good and bad was all she had
And all she was concerned
She found out they were one in the same
Truth don't need to have a name
She loved to share with the moon
Soon she shared with me
The adventure this life could be
If we just let ourselves be free

She gave me piece of mind,
Like a butterfly song to rainbow shine
And today, today feels good
Soul Sister
Today feels good
Soul Sister

I never answer too much
We ask all the time
Why it was always the love again
And what was to find
Yesterday we're through we're through
All into the wind
Laughter sharing me and my best friend

Her voice is fine and
Ease my soul
Her face were younger and
Her eyes were older and
Magic went above
She gave me piece of mind
Like a butterfly song to a rainbow song
And today, ya today feels good
Soul Sister, today today feels good
Soul Sister

We worhhip the godess of the earth
Doctor of life
Mother of girl

Come one we belong
Where mystic is strong
Home in a butterfly song
And today, ya today feels good
Soul sister
My sister, soul sister
Ya feel good, so good
My sister soul
Your beautiful
You feel good
Soul sister
I want you to feel good
Soul sister
I want you to feel good
I want you to let it all go
I want you to feel good
Soul sister
I want you to let it all go
Let it go let it go let it go (etc)
And make me feel good
The way you make me
The way you make me feel
Soul sister
