

# Crematory, The Holy One

Hands folded to pray,  
Holy utterance by a split tongue  
The halo of blood and ashes  
2000 years of praise  
2000 years fo lies  
Exploited mans gullibility  
Manifestations from one mouth  
Testimony in many ears  
Mankind tormented, the brains enslaved

Hear no evil - he's the holy one  
See no evil - he's the holy one  
Speak no evil - he's the holy one  
Feel no evil - he's the holy one

He approached from the future  
To show us the past  
Beserted to the past to convey us the future  
Born holy, died as a beggar on the cross  
But you have to stride  
The holy path for yourself  
Hands folded to pray,  
Holy utterance by a split tongue  
The halo of blood and ashes  
2000 years of praise 2000 years fo lies

Exploited mans gullibility  
Manifestations from one mouth  
Testimony in many ears

Mankind tormented, the brains enslaved  
Hear no evil - he's the holy one  
See no evil - he's the holy one  
Speak no evil - he's the holy one  
Feel no evil - he's the holy one  
The holy one - the evil one
