

Crest Of Darkness, This Is The Morning Magic

The fear is growing
and it makes us stronger.

the flame is burning brighter!
A new age is upon us!

We are the future.
We are the Gods.

This is the morning of magic!
The bringer of light is risen!
This is the morning of magic!
The bringer of light is here!

Got no weakness
like the mortal humans.
We are the true Massiahs!
We are rejecting the lies!
We are the true Massiahs!
We are rejecting the lies!

The serpent comes out
of the deeps!

This is the morning of magic!
The bringer of light is risen!
This is the morning of magic!
The bringer of light is here!

Black flame burning!
Let the hypocrites down!
