

# Criminal, Slave Master

[Music: Reisenegger, Contreras, Lyrics: Reisenegger]

Urge takes over will consciousness entombed  
What makes you strong becomes your greatness weakness

Slave Master  
Slave Master

Pleasure in oblivion life slowly erased  
No past no future a second somewhere else

Slave Master  
Slave Master

Fragile lives destroyed seeking isolation  
No love to save your ways of domination

Slave Master  
Slave Master
