

Crimson Glory, Promise Land

Got a ragin' fever, losin control
Got a wild desire burnin' in my soul
I'm hungry baby, hot on your trail
Gonna get to heaven, through the fires of hell
Come and take me to the Promise Land
Won't you give me all your love
Come and take me to the Promise Land
Open your gates baby take me down
To the Promise Land
Headin' for your garde, yeah I'm glory bound
Wanna dig my fingers deep in your sacred ground
Come and take me to the Promise Land
Won't you give me all your love
Come and take me to the Promise Land
Open your gates baby take me down
To the Promise Land
Take me to the Promise Land
Take me to the Promise Land
Take me,(Take me higher)
To the Promise Land
Take me,(Take me down)
To the Promise Land
Take me to the Promise Land
Take me to the Promise Land
Take me,(I'm on a mission)
To the Promise Land(To get to you)
Take me,(A higher calling)
To the Promise Land(The naked truth)
Let me take you to the Promise Land
I wanna give you all my love
Let me take you to the Promise Land
I will open your gates baby take you down
To the Promise Land
