

# Crooked X, Rock and Roll Dream

Everyday I'm playin'  
Till my fingers bleed  
The only thing that matters  
All I need

Plug me in, turn it up  
I'm talkin' rock - can't get enough  
Don't wanna work; just wanna play  
Ever since that day

I had a rock and roll dream - and I was the star  
I went around the world playin' my guitar  
I was livin' the life - if you know what I mean  
Cuz every boy needs - a rock 'n roll dream!

You know I got to get out  
Take it on the road  
A never-ending party  
So I'm told

Different town every night  
On the stage feelin' right  
I'll never stop, ain't no fad  
I know I got it bad...

I had a rock and roll dream - and I was the star  
I went around the world playin' my guitar  
I was livin' the life - if you know what I mean  
Cuz everybody needs - a rock 'n roll dream!

LET'S GO!

I had a rock and roll dream - and I was the star  
I went around the world playin' my guitar  
I was livin' the life - if you know what I mean  
Cuz everybody needs - a rock 'n roll dream!

Yeah, and I am the star  
I go around the world playin' my guitar  
I am livin' the life - if you know what I mean  
Cuz all of us need - a Rock 'N Roll Dream!  
A Rock 'N Roll Dream, hey  
A Rock 'N Roll Dream, yeahhhh!!!
