

Crosby, Stills & Nash, Find A Dream

Life is uncertain, life is unknown
Life is a shot in the dark
Life is a curtain, always unfolding
Life is an ember and a spark

Don't be a fool
Stay around for a long time
Try and find a dream

Time avoids no one, time is unkind
Time is a cut to the bone
Time to take care of, time to unwind
Time is a gift not a loan

Don't be a fool
Stay around for a long time
Try and find a dream

People are endless, people are strangers
People are taken to be friends
People are nervous, always in danger
People are bound to make amends

Don't be a fool
Stay around for a long time
Try and find a dream
