

# Crosby, Stills & Nash, In My Life

There are places I remember  
All my life though some have changed  
Some forever not for better  
Some have gone and some remain

All these places have their moments  
With lovers and friends I still can recall  
Some are dead and some are living  
In my life I've loved them all

But of all these friends and lovers  
There is no one compares with you  
And these memories lose their meaning  
When I think of love as something new

And I know I'll never ever lose affection  
For people and things that went before  
And I know I'll often stop and think about them  
In my life I've loved you more

In my life I've loved you more
