## Crosby, Stills & Nash, Tomboy

She's one of the guys, yeah and you can trust her Tell her anything that she's so alive She can shoot pool and she can really drive She ain't afraid of nothin' 'cept maybe boys with their minds on lovin'

Tomboy Always with the wrong boy You need a strong boy Tomboy, Tomboy

I don't understand she's never been close To a lovin' man she goes all a-quiver over these fools That won't bother with her she's so fine What can't I do with this love of mine?

Tomboy Always with the wrong boy You need a strong boy Tomboy, Tomboy

She's got a heart of gold givin' you everything Put herself on hold thinks she can laugh enough So you never see what she's coverin' up in her world There's thousands of friends and one lonely girl

Tomboy Always with the wrong boy You need a strong boy Tomboy, Tomboy

Tomboy Always with the wrong boy You need a strong boy Tomboy, Tomboy
