

# Crowbar, Things You Can't Understand

Again and again  
You can try me I won't break  
Again and again  
You can try me, you can't take  
You were fucking my mind  
As you drove me down  
Fucking my mind  
As you drove me down  
I said stay with me  
I said stay with me  
But those are things you can't understand  
Setting me free  
Was the best thing you gave me  
Setting me free  
Was the best thing you gave me  
You were fucking my mind  
As you drove me down  
Fucking my mind  
As you drove me down
