

Crowded House, All I Ask

All I ask
Is to live each moment
Free from the last
Take the road forgotten
Don't leave me here
Oh, please let me stray
Far from familiar things
All I ask
Is to live each moment
All I ask
Is to live each moment
Free from the last
Strange roads
Going nowhere
Going nowhere in particular
All I ask
Is to live each moment
All I ask
Is to live each moment
Free from the last
Free from the last
All I ask
