

Cruel Black Dove, Love Song

How do I tell him
in his own language
My love, yes this
this is our moment
We were all sunburnt
shivering with delight

How do I say
I don't want his white shirts
I want his filth
all over, to wear
How do I tell him
want to drown in his puddle
Deep is my longing
Deep is despair

I'm all right, I'm all right
Can't you see, can't you see
I'm all right, I'm all right
Can't you see, can't you see
I'm all right, I'm all right
Can't you see, can't you see
He's just like me

I'm all right, I'm all right
Can't you see, can't you see
I'm all right, I'm all right
Can't you see, can't you see
I'm all right, I'm all right
Can't you see, can't you see
He's just like me
He's just like me

I feel all right
I feel all right
(If he would only take me)
I feel all right
(use me, break me)
I feel all right
(abuse me, wake me)
I feel all right
(use me, break me)
I feel all right
(He'd make me)
I feel all right
(happy)
I feel

Gonna run like a wolf
through his wild forest
Find a misery for me
Through my suffering so long
I have learned to believe
he'll be waiting for me

I'm all right, I'm all right
Can't you see, can't you see
I'm all right, I'm all right
Can't you see, can't you see
I'm all right, I'm all right
Can't you see, can't you see
He's just like me

I'm all right, I'm all right

Can't you see, can't you see
(I feel all right)
I'm all right, I'm all right
Can't you see, can't you see
(I feel all right)
I'm all right, I'm all right
Can't you see, can't you see
(I feel all right)
He's just like me
(I feel all right)
He's just like me

I feel
