

Crush, King For A Day

I'm fresh out of regret
Smoked my last cigarette
Down to the very end like it was a cure
My head's turned upside down
Smile like a party clown
Can't get this coffee down
It's colder than cold

bridge

I don't want to go on about it
But how the hell can I live without it

chorus

I can see for miles around
Oh for crying out loud
Every face in the crowd
Oh is looking at us
Sweet amazing grace
Everytime every space
Everything in it's place
Like I was King for a day

I threw this window pane
There's no one left to blame
But then it's all the same as long as she shows that
Face like a beauty queen
Straight from a magazine
Swear that's she's always been the last to know that

bridge/chorus

King for a day
Like I was king for a day
King for a day

Chorus x2

Like I was king for a day
King for a day
I was King
Oh yeah
Yeah Yeah Yeah
