

# Crystal Gayle, You Never Miss A Real Good Thing

Sittin on my bed a thinkin  
Thinking that my heart is sinkin  
Everyday the world goes by  
With you gone

All I do is dream about you  
Living aint a life with out you  
Honey can you find it in you  
To come back home

Never miss a real good thing  
I know what it means  
Never see the light of day  
til it goes away  
Never want a drink of water  
Til the well runs dry  
Never miss a real good thing  
Til he says good-bye

I guess you must of had your reasons  
Maybe you were right in leavin  
I know you never found yourself  
In what we had  
And honey you've a right to blame me  
Maybe even time would change me  
Can't you see the good thats in me  
And over look the bad

Never miss a real good thing  
I know what it means  
Never see the light of day  
til it goes away  
Never want a drink of water  
Til the well runs dry  
Never miss a real good thing  
Til he says good-bye

Never miss a real good thing  
I know what it means  
Never see the light of day  
til it goes away  
Never want a drink of water  
Til the well runs dry  
Never miss a real good thing  
Til he says good-bye
