

# Cult Of Luna, Beyond Fate

Take a seat next to thy devil.  
Reach and grasp beneath my skin.

See my fate.  
Wreck a lifetime.  
Gain my heart.  
Kill my visions.

In those days I denied you for every second.  
And now I can't accomplish anything.  
Still got so much more to give in this life.  
I guess I'm heading for regrets.

Once I sold my soul.  
That's one sweet regret.
