

# Culture Beat, Tell Me That You Wait

Tell me that you'll wait  
Tell me that you'll wait for me  
I gotta come back some day so tell me that you'll wait for me  
I'm leaving on a jetplane  
So tell me that you'll wait for me

Once again we're facing a tough situation  
No need to be bassing cause time we'll be wasting  
We've been through this type of thing before  
When I stepped to the ride and you stood crying in the door  
I really hate moments that turn out like these  
I'd sail the seven seas if I thought that I would ease  
The discomfort we feel when we must part  
There's not a man alive that wouldn't feel it in his heart  
Living out a suitcase always on the move  
I really appreciate the fact that you've always waited  
And been ready and willing  
Supporting what I'm doing and how I'm feeling  
Travelling all over may keep the bills paid  
But I couldn't stand myself if our love was to fade  
Over and over I dwell on this issue  
Cause when I'm away I can't help but miss you

Tell me that you'll wait  
Tell me that you'll wait for me  
I gotta come back some day so tell me that you'll wait for me

I'm leaving on a jetplane  
So tell me that you'll wait for me  
Tell me that you'll wait  
Tell me that you'll wait for me  
I gotta come back some day so tell me that you'll wait for me  
I'm leaving on a jetplane  
So tell me that you'll wait for me

Hold your tears you know I hate to see you cry  
I get so choked up each time we say goodbye  
My heart gets inflamed from all the pain  
My head gets light and I don't feel the same  
I try to stay cool and be strong for you  
So you don't see all the hurt that I'm feeling too  
I know you always tell me to just let go  
But when the time arrives I find it hard to show

I know it's hard on you but one day things will change  
When no longer in between us will there be much range  
Though separated by miles our hearts remain close  
I know I'm blessed each and everytime you give me a dose of love  
And show how much you care for your man  
Cause in the past my relationships were just plain blend  
Lacking in substance with not much meaning  
But since the day I met you every day I'm singing
