

# Cultus Sanguine, Lady Of Lies

Under her lead  
higher than men  
hate as a law  
a thousand years  
away...  
You, lady of lies  
You, ware my blood  
turn it into force  
that elevates my strenght

Oh lady of lies  
lead me through time  
Long is my way  
believe (sincere) is my pain

Comes the wise  
Comes the strong  
but as always  
I'm far from  
When your sign  
will be high  
I will follow you  
Lady of lies

Under your guide  
I dominate  
you, Lady of lies  
discover my resources  
still unknown

Oh lady of lies  
lead me through time  
Long is my way  
believe (sincere) is my pain

Now that is your time  
I leave this human being  
I'll follow you
