

# Current 93, Black Sun Bloody Moon

the sun turns black  
earth sinks into sea  
from their steadings in heaven  
the bright stars turn  
fire and reek burl upwards and break  
with hazy heat against heaven itself  
brother fights with brother  
they butcher each other  
daughters and sons  
incestuously mix  
man is a plaything of mighty whoredoms  
an axe-time  
a sword time  
shields shall be split  
and what if something were brooding  
beneath our feet  
and what if something were breeding  
beneath our feet
