

# Current 93, (Hey Ho) The Goddy (Oh)

my eyes are black and wide  
my eyes are black and wide  
hey ho the noddy oh  
my eyes are black and wide  
i crush the velvet mound  
i crush the velvet mound  
hey ho the noddy oh  
i crush the velvet mound  
mummy's teeth are cracked  
mummy's smile is cracked  
hey ho the noddy oh  
mummy's smile is red  
a-reaping i shall go  
a-reaping i shall go  
hey ho the noddy oh  
a-reaping i shall go  
a stranger waits me there  
a man with half-blind stare  
a man with dusty hair  
hey ho the noddy oh  
a stranger waits me there  
this destiny did not tire  
this destiny did not tire  
hey ho the noddy  
this destiny did not tire  
he sang  
a-raping i shall go  
a-raping i shall go  
hey ho the noddy oh  
a-raping i shall go  
and bled and raped was i  
and scared and cold was i  
hey ho the noddy oh  
hey ho the noddy oh  
hey ho the noddy oh  
in fields of rape i lie  
well as you sow you reap  
and as i sowed i reaped  
hey ho the noddy oh  
hey ho the noddy oh  
hey ho the noddy oh  
as i sowed i reaped
