

Curtis Stigers, Never Saw A Miracle

Written by Curtis Stigers and Barry Mann

Seen a light divine

Seen water turn to wine

Seen healing hands and walking on the water

I've knelt in churches

But that was all just fruitless searches

For something to believe in

And I thought I'd seen it all

Chorus:

But I never saw a miracle

'Til baby I found you

I prayed I'd find my heaven

Then all my prayers came true

No, I never saw a miracle

I was blind but now I see

The miracle is the love you give to me

Seen a flower bloom

And a man walk on the moon

But I never seemed to find sweet inspiration

Seen the stars fall from the sky

And heard a newborn baby cry

And felt the warmth of human kindness

'Til the tears came to my eyes

Chorus

I've never been a winner

And God knows I'm a sinner

But I found my salvation in you

Oh, I was lost until you found me

Put your loving all around me

Gave me back my faith

And my strength to carry on

And now, baby, I believe.

Chorus

These songs are from the self-titled Curtis Stigers CD.
