

Curved Air, Puppets

Puppets are painting their toes
Making the most out of tea and toast
Puppets are simple to find
Strung up or glove or the kind you wind

See the marionettes making puppet plans
See he's pulling their strings
See the puppet dance

Plastic and paper and paint
Puppets are pretty, they dress so quaint

Puppets who care carry along
Dancing the dance that they danced too long

See the marionettes making puppet plans
See he's pulling the strings
See the puppet dance

Puppets with pride in their eyes
Practise the dance till it's time to start
Puppets, it's time to begin
Daylight is coming, the lights grow dim

See the marionettes making puppet plans
See he's pulling the strings
See the puppet dance
