

Custom, Hey Mister

Hey, Mister... I really like your daughter,
I'd like to eat her like ice cream
maybe dip her in chocolate...

Hey Mister on your way to work
in your Volvo, suit, and tie
We'll be crawling in your bed soon
messing around, maybe getting hot

It's not what you did,
It's not what you didn't
God gave her the perfect body
now I'm all up in it.

It's not she's a tramp.
It's not she's not pure.
She just likes getting her fuck on,
and its good one of that I'm sure!

Hey Mister I really like your daughter-
When I'm horny like thirsty
She's a bottle of water

Hey Mister how'd it get so bad
You raised her so well
that she's calling me daddy
in the back seat naked of a new Volkswagen
the perfect little gift for high school graduation

It's not what you did,
It's not what you didn't
God gave her the perfect body
and now I'm all up in it

It's not she's a tramp.
It's not she's not pure.
She just likes getting her fuck on,
and its good one of that I'm sure

Nana na nana na,
Nana na nana na,
Nana na nana na,
ha hahaha ha ha haha

i eat all the food in your fridge
call my friends around the world
rack up your long distance too
breakstands neutral drops
wreck all your cars
drink all the booze in your cheezy ass wet bar
order stuff on your credit cards
leave boogers in the skippy jar
smoke your cigars
answer the phone tell your boss you moved to mars
when you call in late from work, i'll tell your wife
you're at the titty bars

It's not what ya did,
It's not what ya didn't
God gave her the perfect body
and now I'm all up in it.

It's not she's a tramp.
It's not she's not pure.

She just likes getting her fuck on,
and its good one of that I'm sure

i can't lie i have to tell the truth
man to man, mister
it's all a total spoof
your daughter's a freak
your daughter's a pro
when i'm done with her
she'll be one of your hos

I hope I never have a daughter
I hope I never have a daughter
I hope I never have a daughter
I hope I never have a daughter

Nana na nana na,
Nana na nana na,
Nana na nana na,
Nana na nana naaaaaaaa!
