

# Cyan Kicks, Dancing With Demons (Finlandia - pi

Lately, when I've been alone, I'm seeing shadows  
Crawling all over the wall, I fear the battle's started  
And I just can't stop it (Hmm)  
The fire's got out of control and I'm breathing  
Your smoke right into my soul and I'm scared I like it  
So I'ma come out fighting (Hmm)

They say that I am

Out of my mind, dancing with my demons  
Like the queens in the dead of night  
Out of my mind as one with all the creatures  
I will dance 'til the day I die

Meant to be this and that, shut up and just adapt  
For them I'm just a red flag, it goes right back  
But I ain't holding back, watch me go on attack  
My army's got my back

Out of my mind, dancing with my demons  
Like the queens in the dead of night  
Out of my mind as one with all the creatures  
I will dance 'til the day I die

Dance 'til the day, dance 'til the day I die  
Dance 'til the day, dance 'til the day—  
Out of my mind, dancing with my demons  
I will dance 'til the day I die

Follow me  
So you can be free  
Fo-fo-fo-follow me  
Follow me  
So you can be free  
Fo-fo-fo-follow me  
Follow me

Out of my mind, dancing with my demons  
Like the queens in the dead of night  
Out of my mind as one with all the creatures  
I will dance 'til the day I die

Dance 'til the day, dance 'til the day I die  
Dance 'til the day, dance 'til the day—  
Out of my mind, dancing with my demons  
I will dance 'til the day I die
