

Cyndi Lauper, Don't Know

Just hold me a little softly it's cold
Hold me again
'Cause that's when our love is ageless and time,
Time is my friend

So hold me closer, closer, closer baby that's what I need
And you could lay your head on my dress
And you could listen to my breathing, it's whispering

I don't know exactly where it started, I don't know
I don't know exactly where it started, I don't know
I just want to love you

Remember, I once told you where not two of a kind
Except I was chasing after something
Love was the last thing on my mind

And then you started, you started,
Started something inside of me, yeah
So come on, lay your head on my dress
And you could listen to my breathing, it's whispering
I don't know exactly where it started, I don't know
I don't know exactly where it started, I don't know
I just want to love you.
