

Cyndi Lauper, Magazine Cover

Oh, love me now
It's just I need you now
You see it's just
I'm so lost
And I don't know who I am.

But I know what you want
You see it in the magazine
You read, your reading
My pulse when you touch
Turns my feelinings all around

If you need a perfect lover
A magazine cover
A magazine cover
Wait, wait some body...
