

Cyndi Thomson, If You Were Mine

(Cyndi Thomson/Tommy Lee James/Liz Hengber)

If you were mine I would celebrate like everyday was Christmas
If you were mine I would love you like it's nobody's business
I would give you everything I had
I would treat you right I would make you laugh
Baby I would smile forever
If you were mine

If you were mine baby night would be a romance novel
If you were mine I would quench your thirst
Like a tall glass of water
You would be my one desire
I would kiss you like a house on fire
Baby I would burn like crazy
If you were mine
If you were mine
If you were mine

You're everything I can't resist
Just to hear your voice is bliss
It is, yeah it is

If you were mine I would shout it out
We'd show the world what love's about
We'd never sleep in our big old bed
We'd just kiss and kiss and kiss instead
If you were mine I would be complete
Nothing would be missing baby
If you were mine
If only you were mine
