

Cypress Hill, Hits From the Bong (T Ray's Mix)

Hits from the bong...

Take it, pack it, fire it up , come along and take your hit from the bong

Put the pipe down just for a second

Don't get me wrong its not a new method

Inhale..exhale..just got a ounce in the mail

I like the blunt or a big fat cone

But my double barrel bong is gettin' me stoned

I'm skillet, just want to rent side don't spill it

It smells like shit on the carpet, spill it

Don't stop smoke when I get it clean

Is some of it..haha I can't

understand the rest, and im bored now. Have fun!
