

Cypress Hill, Psycobuckdown

[B-Real]

I increase my throttle, uplift my shuttle

Tribe in a huddle, pilot on auto - bro

I'm not a role model, more like a psycho

A Bates type of +Psycho+, cut you like Michael

+Halloween+ character, or computer wizard

Hit you with the blizzard, cut your circuit with my scissors

Shorts'll get crossed while you're in the crossfire

You get blasted, you dumb-ass bastard

See you need the day-ta *, better I say dah-ta *
