

D:a:d, Ride My Train

Hey, get out of that tincan you call a car
'Coz that old thing wont get you far
Don't take a bus and don't grab a cab
'Coz I got a thing that'll drive you mad

Come on ride my train
Come on ride my train

I'm a railroad man I got a coal-tan
And I works all day with the railroad gang
The number of trips makes the company pay
The number of bucks that I earn today

Come on ride my train
Come on ride my train
Come on ride my train
Come on ride my train

Come on baby, I'll blow your brain
All I want you to do is to ride my train

Come on ride my train
Come on ride my train
Come on ride my train
Come on ride my train

You know the girls go crazy and the boys get a pain
Just because I ride this big black train
I don't know if you like it, but I'm sure gonna ride it
And if the boys don't like it
Tell them to

Ride my train
Come on ride my train
Come on ride my train
Come on ride my train
Come on ride my traaaaiiin
Come on ride my traaaaaaaain
Ride my train
Come on ride my train, yeah
