

D:a:d, Sunstar

It's far too big
For my feet to step by
The heart of standing is:
-I cannot fly!
I'm so involved
I can't give it up..
I don't feel like winning,
Though I'm on top

See where it takes you
And where it takes me
Either homefires burning
Or we both go free..

Bigger than ever
The sun is a star
Hold me together
I'm flying apart, yeah!

You got a way
To keep me on your side
You make me so small,
I stand sideways and hide

See where it takes you...

Bigger than ever ...

See where it takes you
And where it takes me
Either homefires burning
Or we both go free, yeah!

Bigger than ever...
