

# Da Blitz, I Believe

Follow your heart babe  
It's so hard sometimes to start it, again  
But now it's time for us to believe in what we have  
Follow your heart babe  
It's so easy now to start it again  
For all the times we felt so free  
And for the strenght you give to me, oh.....

I believe, I believe and I believe  
For all the days we've been together  
I believe, yeh  
I believe, I believe and I believe  
In this love that you bring to me  
I believe.
