

# Da Blitz, Take Me Back

Show me the way you can fight for me babe  
No matter how you do it,  
Show me the way you feel  
Teach me how to believe in something, yeah.  
Show me the way we can now be together in this world of fools  
Show me the way right here  
Looking inside of me  
I have to give it to someone who really loves me.

Take me back,  
Together we can be.  
Take me back,  
We need it can't you see.

Take me back,  
You shouldn't set my love free.

Yeah Yeah Yeah.

Take me back,  
Together we can be.  
Take me back,  
We need it can't you see.  
Take me back,  
You shouldn't set my love free.  
Yeah Yeah Yeah.
