

Dada, Boulevard Of Dreams (Tonight)

Two lovers stroll the evening
Each other more believing in their heart
That love is forever true

Their shadows formed by moonlight
Dance silently across the boulevard
An urban waltz just for two, tonight
Tonight

Tonight, stardust will rain down from the sky
A night wind will sing a lullaby
Too sweet to hear, tonight
Tonight

(solo)
Tonight, stardust will rain down from the sky
A night wind will sing a lullaby
Too sweet to hear, tonight

Two shadows in the moonlight
Dance silently along the boulevard
Of dreams
Tonight
