

# Dada, Smoke

Things could take a while  
'Cause I just turned to smoke  
So I can float through  
Float through the cracks

And never come back  
Uh, huh, huh, yeah

When I'm touched by the wind  
I love to spin through the sky  
I never lived  
I'll never die

I'll never come back  
Uh, huh, huh, yeah  
Never come back  
Uh, huh, huh, yeah

I will never come this way again  
I will never come this way again, no

I circled 'round your sun  
??? got burned by your fire  
It turned me into smoke  
Let me fly away

I'll never come back  
Uh, huh, huh  
Never come back  
Uh, huh, huh, yeah

I will never come this way again, uh, huh  
I will never come this way again, no, no, no
