

# Dag Nasty, Mule

Came into town ready to play  
But Matt said, &quot;Sorry - the show's not today&quot;;  
Went to some punks' house and heard GBH  
But we were thrown out when their mother came home  
Hopped in the Mule and drove through the swamps  
Ran out of gas for the 15th time  
Waited around, hitched a ride  
We got a jug and put a gallon inside  
Then we rode away on our yellow Mule  
But Reardon f~cked up and we ran out of fuel  
Went to McDonalds on a Wednesday night  
My friends were bored, their conversation trite  
But I had come for a bite of a filet-o-fish  
Colin said that it couldn't be beat  
Lost his appetite smelling Roger's feet  
Played a lousy show in B-Town  
But we got to watch Gitter's place burn down  
We - we rode in on a Mule  
O mais oui  
We rode a Mule
