

Dalbello, (Is There) Anything I Can Do?

You can't depend on miracles to satisfy your needs
And if your searching for the girl-next-door
You're looking for
A different breed

But for you
I would do anything
Yes for you
I would do anything
And it may surprise you, I advise you
Come with me the night is young

CHORUS

So, Is There Anything I Can Do?
Anything for you
Is There Anything I Can Do to make you better?

If you zero in down close to me
I'll be stroking your security
And if it's true that I'm in overtime
You'll never be
Relying on me

But for you
I would do anything
Yes for you
I would do anything
And it may surprise you, I advise you
Come with me the night is young

CHORUS

So, Is There Anything I Can Do?
Anything for you
Is There Anything I Can Do to make you better?

BRIDGE

Fools paradise
It's a fools paradise
Oooh oooh oooh
