

Dalbello, Lost Without Your Love

I heard that love has passed you by
Leaving your heart by the wayside
What will it take to win back your love?

You... you've done more time than you deserve
Fantasy love is so absurd
Basting your pride so selfishly
And will I ever see you?

CHORUS

Lost Without Your Love
Lost Without Your Love
How was I supposed to know
That you've been living a lie?

(Repeat)

Look... look at yourself and rearrange
It's easy to feel a change
Open your eyes and reveal your disguise

I... I heard that love has passed you by
It's left you alone... well so am I!
Can I be the one you run to for love
And will I ever see you?

CHORUS

Lost Without Your Love
Lost Without Your Love
How was I supposed to know
That you've been living a lie?

BRIDGE

Caught you blind
Will I ever see you?
Will I ever see you?
