Dalbello, Never Get To Heaven

Baby, am I what you're contemplating
Are you gonna tell me or keep me waiting
I gotta know what you're intending to do cause

CHORUS
You'll Never Get To Heaven walkin' out on me
I know that thing's ain't what they used to be
You'll Never Get To Heaven walking out on me
Oh no, I'll never ever ever let you go

I used to run my hands through your pockets
You used to feel my changes but now you've stopped it
I'm counting on you, I think you should understand that

CHORUS
You'll Never Get To Heaven walkin' out on me
I know that thing's ain't what they used to be
You'll Never Get To Heaven walking out on me
Oh no, I'll never ever ever let you go

BRIDGE
Down on your knees - the Devil's in his glory
Zero degrees - too cold to not be sorry
I'm begging you for heaven's sake
It's criminal to make the same mistake
Such Drastic Measures
