

# Dallas Crane, Some Days

I'm not a well known man  
I shake no golden hand  
If I told you that I did I lied  
No I've never seen the light in front of me  
But I might some day

Can't play sugar dad  
Got no cash for that  
Won't meet god tonight  
But some other day we might

I wanna be you friend  
From here to bitter end  
If you don't oblige  
At least stay overnight

Ooh, that's ok  
I was dreamin' anyway

I just wanted a friend  
When I don't like who I am  
You got the best little heart  
And it glows in the dark  
And alright, I understand  
If you don't like who I am  
I don't mean to be that hard to know

I'm not you fool to be  
Never wanna be  
I left the only love is blind behind

No I've never seen  
The light in front of me  
But I might some day

Oh, that's ok  
I was dreamin' anyway
