

# Damnation, Behind The Wall Of Tears

(lyrics: Varien)

Behind the wall of tears  
You can't see the sunbeams  
Your consciousness surrounded  
by the reef of oblivion  
Prayers, supplications are the only hope

The hope of survival  
Chance of salvation

Behind the wall of tears  
You lose the sense of existence  
You'll never hear own thoughts  
You can't overcome your defeat

You've fallen down  
Fallen dawn

Smashed into the rock of bitterness  
You can't see the brightness  
Your feelings - behind the wall of obscurity

lead: LES  
lead: BART

Revelation of weakness  
Wasted ideals  
Walking the paths of hope  
Remove the chance of existence
