

Damnation, Garbage Truck

Deranged as I may be
Some won't completely understand
You love the monster that is me
I'm garbage baby
That's just what I am

Chorus:

Garbage truck (x3)

Straight from hell

Left for dead

A broken mess

Stabbed, molested with a gun

See the scars across my chest

I'm damaged baby

Yea you better run

Chorus

Straight from hell (x3)
