

# Damned, Problem Child

Stealin' cars lost in bars  
Treating hard-to-be's like superstars  
I wanna come home at 3AM  
I love my records  
Alright and I'm going to play 'em

Problem child, problem child  
We think you live much too wild  
Problem child, problem child  
When you get home  
Your daddy's gonna tan your hide

I gave a dose to my sister  
Only need to be a teen-dream hipster  
Don't care about my grades at school  
Or my teacher  
My Probation lady says, you ain't so cool

Problem child, problem child  
We think you live much too wild  
Problem child, problem child  
When you get home  
Your daddy's gonna tan your hide

Gave a dose to my sister  
Only need to be a teen-dream hipster  
Don't care about my grades at school  
Or my teacher  
My probation lady says, you ain't so cool

Problem child, problem child  
We think you live much too wild  
Problem child, problem child  
When you get home  
Your daddy's gonna tan your hide

Problem child, problem child  
We think you live much too wild  
Problem child, problem child  
When you get home  
Your daddy's gonna tan your hide
