

Dan Bern, Cure For Aids

The day they found a cure for AIDS
The day they found a cure for AIDS
Everybody took one little pill and was okay
The day they found a cure

The day they found a cure for AIDS
Everybody took one little pill and was okay
I slept with Cindy and Martha and Sue
i slept with Julie, Melissa and Kate
The day they found a cure

The day they found a cure for AIDS
Everybody took one little pill and was okay
The people who had plotted to get rid of all the gays
Admitted their guilt and then everything was fine
Everybody else said "I didn't know";
The day they found a cure

For six months
Noone went to work
They all had orgies
Morning after pills
Were sold in grocery stores
And gas stations

The day they found a cure for AIDS
Everybody took one little pill and was okay
We rented dirty movies
And ordered out for food
For three solid weeks
Everyone I met was nude
I slept with Julie, Melissa and Jake
Nobody was afraid

The day they found a cure
The day they found a cure
The day they found a cure for AIDS
