

Dana Russell, Feel The Vibe

Tonight i?m gonna feel your vibe
I?m gonna fee your vibe tonight
Oh give me what i need all right
I said all right
And now get down on your knees
On your knees on your knees
Get down get down
Move around spin around
Let me show you what i?ve got
Let me give you what i?ve brought
Baby i love you all

So what if i?m shake it don?t stop
If i make you feel high
You can say if you don?t want
If i?m moving like that baby
Get down low baby go by the flow
Let me give you a big show
/2x

Do you think it?s enough?
What you gave to me?
I?ll give you more
I?m all yours tonight
Baby i?ll make you feel the vibe

So what if i?m shake it don?t stop
If i make you feel high
You can say if you don?t want
If i?m moving like that baby
Get down low baby go by the flow
Let me give you a big show
/2x
