

Dance Dance Revolution, Dream A Dream

Dream a dream
Lover, take me in your dream
Take me anywhere you please
Boy, you're making me scream

Dream a dream
Lover, love is just a dream
If you want to set me free
Boy, you're making me scream

Ooh la da de, la da da
You gotta dream a little dream

Ho! One more time
I'm back with a new rhyme
Hey, here we go again
Turn it up my friend
No, we don't stop
We rock this spot
No, we don't quit
Give it all ya, this is it

Do you like to dream?
Hey, I like to dream baby
Do you like to dream?
Ho, I like to dream momma

Do you like to scream?
Hey, I like to scream baby
Do you like to scream?
Ho, then scream it out

Dream a dream
Lover, take me in your dream
Take me anywhere you please
Boy you're making me scream

Dream a dream
Lover, love is just a dream
If you want to set me free
Boy, you're making me scream

Ooh la da de, la da da
You gotta dream a little dream
