

Dance Hall Crashers, Just Like That

You've been quiet too long
Do you want company or to be left alone
'Cause when your halo dissolves (halo dissolves)
You blow volcanic and your sweet little voice explodes
Flashes of rage, is this just a stage
'Cause you can change from angel to devil

Well, is this just a phase
Or is it something I'll have to get used to
'Cause did you know there's a space (space in between)
The highs above and the depths to which you love
It's only ground, dirty and brown
But I'll keep you down, so you don't flip just like that

Ohhh, just like that
Ohhh, ohhh, I'm just like that
Ohhh, ohhh, I'm just like that
Ohhh, ohhh, ohhh...

You know you look so divine
Almost forgotten the things you put me through
When you start to unwind (start to unwind)
Become Lucifer with your bad mood
Nothing I can do, comes out of the blue
It's time that you knew that I can change too like that

Ohhh, just like that
Ohhh, ohhh, I'm just like that
Ohhh, ohhh, I'm just like that
Ohhh, ohhh, ohhhhhh...wow!

Ohhh, ohhh, I'm just like that
Ohhh, ohhh, I'm just like that
Ohhh, ohhh, I'm just like that
Ohhh, ohhh, I'm just like that
(From angel to devil)
Ohhh, ohhh, I'm just like that
(Why do you keep changing)
Ohhh, ohhh, I'm just like that
(From angel to devil)
Ohhh, ohhh, I'm just like that
(I can't keep track)
Ohhh, ohhh, ohhh...
