Dance Hall Crashers, Keep On Running

I keep on running but I'm starting to tire
I keep on moving cause my mind's on fire
It's an uphill climb but my feet are gettin heavy
I keep on running cause I'm feeling ready
Keep on running...

I'm getting tired but I try to ignore it
Cause if I don't I'll be heading for it
I know if I stop I'll be a dead man
The way it is for me it must be in the plan
Keep on running...

I keep on running cause I can't turn back
I've got no choice my body's keeping track of the miles I've gone and
the miles left to go
If I stop now, everyone will surely know
Keep on running...
