

Daniel Cirera, Dog

Don't wanna be a guy
Who gets a dog at 25
To cure my loneliness
From the girl I thought I had
And in a fucked up state
In different world in a far out place
I made a huge mistake
And I fell in love
And told it to her face
And she then told me that she loved me
But she didn't
She just thought the words
Were nice and fitting
Mmmm, this hope somehow she fell for me
And the apple in my eye
Turned out to be
Sorry and stinking and full of shit
And now I'm proud of myself
For putting up with it

Life just sucks
I lost that girl
It's all messed up
It really hurts
And where's my dog
I need you more than ever
Life just sucks
I lost that girl
She told my friends
That she found someone
And where's my dog
I need you more than ever
Still it was the best I ever had

Don't wanna be a guy
Who gets a dog at 25
To cure my loneliness
From the girl I thought I had
And on a phone to me
She said well there's this guy I see
I guess you call it quality
Can't you please put up
A smile for me
She told me that she loved me
But she didn't
She just thought the words
Were nice and fitting
Mmmm, this hope somehow she fell for me
How the apple in my eye
Turned out to be
Sorry and stinking and full of shit
And now I'm proud of myself
For putting up with it

Life just sucks
I lost that girl
It's all messed up
It really hurts
And where's my dog
I need you more than ever
Love just sucks
I lost a girl
I told my friends
I bet she found someone

And where's my dog
I need you more than ever

Still it was the best I ever had
Cause girls are such a drag
Still it was the best I ever had
Cause girls are such a drag
Still it was the best I ever had
Cause girls are such a drag
Still it was the best I ever had
