

Daniel Powter, Delicious

You look so delicious
The way your body move
Cherry lipstick kisses
Send me to the moon
You got me so excited
Come wrap your legs around me
Let's get on it

You're so delicious
I wanna take a bite
Baby, it's on tonight
Let's stop wasting time
Just wanna touch you
Make you feel alright
I can do what you like
Coz, baby, I'm yours tonight
You're so delicious

Show me no mercy
I like the game you play
Now, tie me to your bedpost, honey
Keep me there all day
Legs that go to heaven
Diving me insane
Let's get on it

You're so delicious
I wanna take a bite
Baby, it's on tonight
Let's stop wasting time
Just wanna touch you
Make you feel alright
I can do what you like
Coz, baby, I'm yours tonight
You're so delicious

Now, you feel good
And girl you look so fine
Now woo, I can hardly stand it
You know just how to make a grown man cry

You're so delicious
I wanna take a bite
Baby, it's on tonight
Let's stop wasting time
Just wanna touch you
Make you feel alright
I can do what you like
Coz, baby, I'm yours tonight
You're so delicious
