

Daniel Powter, Styrofoam

I try real folling
Relax
Sixteen are you still
I try I come back it's from cool
I fade a long weekends
Edu exboyfriend when he died
Be a long you understood

I paid bills and paid more
Isn't it an ordinary song?
Styrofoam

I don't never feel on
Like tryed it
We never left
And you come and down
I don't try be perfect
We never left
Is not so easy when you down

I'm some good
I'm some memoir
When do I believe a long?
Styrofoam

I'm some memoir
When do I believe a long?
